## Advanced Collagen

By ICARIA Renewal Science

Healthy Aging

Joint Support

Skin & Hair Health

Bone Health

### Strength, Beauty, and Confidence

Collagen is a structural protein in your body. It helps support healthy bones, muscles, organs, skin, and more. As we age, our body's ability to produce collagen begins to wane, which can lead to stiffness, swollen joints, sagging skin, wrinkles, and brittle hair and nails.

ICARIA Glow increases your body's collagen reserves for improved joint health, more youthful-looking skin, thicker hair, stronger nails, and a more beautiful, confident you!\*

### Glow's Benefits:

- Boosts declining collagen levels\*
- Provides potent antioxidant support\*
- Supports skin elasticity and firmness\*
- Helps reduce wrinkles and cellulite\*
- Helps build thicker, healthier hair and stronger nails\*
- Reduces joint stiffness and improves mobility\*
- Available in two great-tasting flavors

### Advanced Formula

Glow is formulated with hydrolyzed type 1 collagen, which is collagen that's been broken down into easily digestible peptides. In this format, it's better able to be absorbed and used by the body.\*

Glow is also the first to combine the rejuvenating power of collagen peptides with a proprietary blend of 8 super-antioxidant, high-ORAC fruits to help protect the body against environmental damage caused by free radicals and oxidative stress.\*

### Supplement Facts

Serving Size 2 Tablespoons (30mL / 1 fl oz)  
Servings Per Container 15

Amount per Serving	% Daily Value
<b>Calories</b>	40
<b>Biotin</b>	4500 mcg 15,000 %
